**Phu Quoc, September 2022,**

### **PULLMAN PHU QUOC BEACH RESORT WON BIG AT HAUTE GRANDEUR AWARDS 2022**

The Haute Grandeur Global Award is a prestigious, globally trusted initiative, building its reputation as the world's leading awards initiative by rewarding outstanding hospitality experiences.

In August 2022, Pullman Phu Quoc Beach Resort is honored to be the winner of this award with multiple categories:

- **For the resort:** Best Luxury Hotel in Asia, Best Destination Hotel in Vietnam, Best New Resort in Vietnam and Best Seaside Resort in Vietnam
- **For Mad Cow Wine & Grill** – the resort's signature steakhouse: Best Resort Restaurant at Global level, Best Steakhouse in Asia, Best Grill in Vietnam, Best Interior Design/Architecture in Vietnam

Winning these excellent awards is a statement to an international world class service in many aspects including inspiring design, customized guest experience, rich food & beverage options, staff's professionalism and more. We will keep this as an encouragement and strive to continuously improve the quality of our services.

In addition, Mad Cow Wine & Grill remained the leading rooftop steakhouse on Phu Quoc island in particular and Asia in general with its mouth-watering steaks, madly priced wines and damn-good view of Long Beach's sunset.

## **PULLMAN PHU QUOC BEACH RESORT MAKES ANOTHER GREAT STRIDE TOWARDS ITS AIM OF SUSTAINABLE DEVELOPMENT**

During two years of operation, Pullman Phu Quoc Beach Resort gradually introduced its exclusive eco-friendly in-room amenities of 99.9% petroleum plastic-free. Being the pioneer within Pullman properties worldwide, this newest island playground provides guests with plenty of biodegradable amenities such as wheat husk toothbrushes, a wooden comb, cornstarch razor and paper stick cotton buds wrapped in non-woven packaging. This is a firm commitment to preserving the island's naturally beautiful environments with sustainability initiatives and brand promises to ensure the resort is positively impacting the planet.

This month, all aluminum water cans at Pullman Phu Quoc Beach Resort are replaced with reusable glass bottles for a brighter world in the future. This is an ideal solution to help reduce the use of single-use plastics, lower carbon footprint, and dramatically reduce canned water costs without compromising water quality or taste. This new initiative marks another milestone in our resort's fight against plastic.

By complying with Accor's Planet 21 standards, we are proud to be the pioneer in providing a sustainable resort experience.
